Dear Supporter,

We can't thank you enough for your generosity in support of **Mission of Hope Cancer Fund**. Whether you purchased a small item or gave a donation, your gift means the world to those who are battling cancer.

Since 1994 the Mission of Hope Cancer Fund has been providing direct monetary assistance to cancer patients throughout Michigan for prescription costs, travel expenses for out-of-town treatment, help in maintaining insurance premiums during treatment, medical bills, medical equipment and supplies, and lodging for out-of-town treatment.

Cancer could affect any one of us or our families. Once a person is diagnosed with cancer, their world is turned upside down. The world revolves around needles and surgeries, worrying only about what is truly important in life. And what if money has run out to even get them to a cancer clinic for a chemo treatment or given only months to live and needing respite care in their final days of life. This is why Mission of Hope Cancer Fund was started. We cut through the "red tape" to help cancer patients who are desperate for help. There are people desperate for help right now...and there will be in the future. Your generosity enables us to continue helping families who come to us for those battling this terrible disease.

Sincerely,

Rock Mangus

***Your support makes an immediate difference
in those going through cancer treatment and recovery.***

Having A Cancer Benefit? We Can Help!!!

Mission of Hope Cancer Fund will provide \$1000-\$1200 or more worth of new and varied merchandise (60-80 items) to any Michigan family or group holding a cancer benefit. These items are great for live or silent auctions or use as door prizes.

Please call 517-782-4643 or 888-544 (MHCF) 6423 for more information.

(Money raised must be used for cancer patients' medical bills or treatment such as medical equipment and supplies, medical insurance, travel and lodging expenses for treatment needs.)

Visit www.cancerfund.org for more information
